

REQUIREMENTS

DOGS must be current on:

Rabies

Distemper Combo

Bordetella (Highly recommended every 6 months)

Corona (If first time having vaccine, recommended to have had 2nd injection at least 2 weeks prior to boarding to have full immunity. Given yearly thereafter)

CATS must be current on:

Rabies

Distemper Combo

Feline leukemia Vaccination or Negative Feline Leukemia Test

Dogs or Cats with contagious diseases, including internal or external parasites will not be allowed to board at Auntie Ruth's.

SPRING AND SUMMER

Pets must be current on flea prevention. Let us know what you are using. Pets will be checked for fleas and if found, a flea bath or topical preventive will be used. The cost of which will be added to your bill.

FOOD

We require that you bring your own food to eliminate intestinal upset including vomiting and diarrhea. (They're more likely to eat their own food too!) Our normal feeding schedule is twice daily, once in the morning and again in the evening. However, this can be easily adjusted to your pet's schedule. Any dry food *must be pre-measured into individual zip lock baggies, labeled with any special instructions.* Canned food should be left in its original container and unopened. Refrigeration is provided for canned food and any special meals. For an additional \$10.00 set-up fee, we are willing to do this for you, though we'd rather be spending that time with your pets.

MEDICATION

There is a small additional cost for administering medications. A detailed document describing your pet's ailments, dosage and any other special needs is necessary to insure proper treatment. *It is very important that NO medications are mixed in their food baggies.*

WHAT TO BRING FROM HOME

All pets are provided beds and blankets to insure their comfort. Only WASHABLE items may be brought from home in case your pet gets nervous or protective of their items and they become soiled. Feel free to bring a toy and treats. Don't overdo, they will be tired and extra items are just likely to get lost during cleaning and very busy times. Don't bring their favorite toy/blanket in case it gets damaged or lost in the wash or while playing. We cannot be held responsible for lost or damaged items. ALL ITEMS MUST BE PERMANENTLY LABELED.

WHAT MAKES US DIFFERENT?

Auntie Ruth's is a member of the ABKA, Member of the BBB and the winner of the 2002 BBB Integrity Award and Angie's List Super Service Award for 2003, 2004, 2005, 2006, and 2007. Auntie Ruth's has a significant staff to pet ratio compared to many other kennels, full code fire protection with complete sprinkler system, 24 hour Honeywell video security and monitoring, automatic online emergency generator system, as well as professionally maintained heat, AC and air exchange.

Auntie Ruth's is a unique boarding facility where you never have to feel guilty when dropping off your "kids," because they will have a great time!
